Fall 2010

"Building New Homes on Your Lot or Ours!"

Twenty Years

American Housing has been building New Homes and building Room Additions in the Tampa Bay area for twenty years and to celebrate this occasion, American Housing will be having a customer appreciation gathering at their office complex for customers that purchased a home from us, or had a remodeling project done from us over the years.

American Housing has worked very hard throughout the years to become one of this area's leading builders and is proud of the fact that we have such a strong customer base and have created so many friends in the process.

Feng Shui

Feng Shui, pronounced fung-shway, is an ancient oriental term that means "the way of wind and water."

Feng Shui is all about the flow of energy and how positive energies can help enhance your life. It shows you how to position yourself to take full advantage of opportunities that come your way and teaches you to direct your energies towards achieving your goals and dreams. By opening doors to your happiness, you can live your life the way you have always dreamed of.

"One & Two Story Room Additions"

Ask the Right Questions

When you are deciding on a contractor for your next Room Addition or Remodeling project, it is not only important to ask questions, but it is also important to ask the right questions. "How long have you been in business?" "What will be your approach to this project?" and "Does your company carry workers compensation and liability insurance?" are all questions that will help you, as a homeowner, make an educated decision as to who to hire for your project.

Ask about our ongoing Referral Program.

Building the American Dream One Home at a Time!
